

Barrhill Community Interest Company

September 2025

Meeting Summary

<https://www.bcic.org.uk/>

Directors discussed the Barrhill Greener Homes project at the September 2025 board meeting.

Information about the project can now be found on the BCIC website, which now has a dedicated page: <https://www.bcic.org.uk/barrhill-greener-homes>

BCIC are delighted to announce that the project manager for Barrhill Greener Homes, Fiona Limbrey, is now in post!

Fiona brings a rich and varied professional background, with a strong focus on community development and environmental issues.

Originally from Moray, Fiona moved to Newton Stewart six years ago to care for her father, and she's made it home ever since. When she's not working or supporting her family, you might spot her doing lengths at the local pool, exploring the wilds with her deerhound, or putting her knowledge to the test at a pub quiz!

At the September 2025 board meeting, BCIC directors considered operational matters related to the scheme including arrangements on the launch of the project.
